# Let's get acquainted

WITH THE

**McMAHON CO.** *Rapid City S. Dak.*  
REGISTERED BRANDS FEED AND SEEDS

Our firm was organized in 1896 or a few short years after this part of the country was taken from the Indians. The business has grown with the ranchers and farmers by selecting the seeds and feed best adapted for their use, and it is to these people to whom we are indebted for our success. It has always been our policy to establish a market and to pay them a fair price for their products when they had them to offer. When in need of merchandise it was priced right or at a margin which kept prices down. When selling we made our prices strictly competitive at all times, and we will not knowingly be undersold, quality considered.

In order to take care of our ever expanding business we have added to our force the following new employees to give you better service and help you with your feed and seed problems.

In the seed and poultry department we have Jane Sherman in charge. She was raised on a farm in Western S. Dakota and knows seed and feed from the farmers standpoint. She is fast becoming one of the high ranking seed analysts of the state. Miss Sherman is also head of our poultry department and will be glad to assist you in selecting your chicks and poults.

Clement Kehrwald is foreman of our seed cleaning department and will be an assistant seed and grain buyer. He is a graduate of Brookings Agricultural College and served 3 years and 8 months in the Navy during which time he spent 9 months in the Pacific between China and Japan.

Fred Wells is assigned to the position of traveling salesman and assistant buyer. He is an ex-G I who spent 6 years in the Coast Artillery and Signal Corp in Panama previous to returning to Rapid City.

Murdock C. Johnson is taking the position as assistant manager. Mr. Johnson served 38 months overseas with the First Armoured Division in both the African and Italian Campaigns.

# \$500,000,000.00

That's what it costs the American Stockgrowers every year! In pounds of meat lost, and worthless grubby hides. Make plans now for control of lice, flies, grubs and other insect pests that cut down the income from your cattle and sheep.

## PURINA DDT PRODUCTS

The 1947 program is again built around three separate products, each one developed to meet a distinct need.

For Farm Bldgs and

Stock Cattle

## **Start Chicks RIGHT... Feed CHICK STARTENA**

Be sure to order Purina Chick Startena and Purina Chex-R-Tabs with your chicks. Startena is backed by years of research and has proven to be dependable and is proclaimed the No. 1 chick starting feed in America. Two pounds per chick is all that you will need. There is always danger of disease germs so protect your chicks against possible infection by using Chex-R-Tabs regularly -- one tab per quart of water. The cost is low. Don't neglect this safeguard.

Prices on sexed chicks will be furnished upon request. Terms: Cash with order or C.O.D. Shipped prepaid if cash accompanies order; if shipped C.O.D. send two cents per chick with your order, balance due plus shipping charges when chicks arrive. Save shipping charges by sending cash with your order.

# McMAHON COMPANY'S "Registered Brands" ANNUAL PRICE LIST

## GARDEN SEEDS

All garden seeds available in 5¢ and 10¢ packets.

Garden seeds are all quoted postage paid, and shipments will be made the same day your order is received. All our garden seeds are selected and grown under climatic conditions suited to this climate and will give excellent results under average conditions if planted early.

Add 2% Sales Tax to all garden seed orders.

FEBRUARY  
15  
1947

## FIELD SEEDS

For the past fifty-one years it has been our policy to supply our customers with high-quality seeds and feeds at lowest possible prices. Registered Brands seeds are absolutely fresh, and can be depended on to be a high percentage of purity, and germination.

All seeds are tested and tagged in compliance with the State seed laws.

The Original and Unsurpassed  
2.4-D Formula  
ACCEPT NO SUBSTITUTES

1. WEEDONE kills lawn weeds without killing the grass.
2. Does not corrode metal spray equipment.
3. Does not leave a residue on plants that is hazardous to humans, live stock or pets.
4. Does not permanently sterilize the soil.
5. Non-Explosive.

Use 1/2 Gallon WEEDONE Spray to each 100 Sq. Ft. or 200 Gal. Spray Per Acre.

6 oz. Bottle makes 5 gallons spray, Postpaid.....	\$ .75
Quart Size makes 25 gallons spray, Postpaid.....	2.50
1 Gallon makes 100 gallons spray, Exp. ppd.....	7.50
5 Gallons makes 500 gallons spray, Exp. ppd.....	30.00
54 Gallons by freight prepaid .....per gallon 5.00	

## WEEDAR 20

A 20% 2.4-D LIQUID CONCENTRATE

WEEDAR 20 is useful where price is important and the weeds are readily killed by 2.4-D, such as the annuals and the lawn weeds. For shrubby weeds, hard-to-wet weeds and deep-rooting weeds use WEEDONE.

6 oz. bottle	\$ .59
1 qt. bottle	1.69
1 gal. can	5.95
5 gal. can	21.95

Above Prices Postpaid.

TOP LAWN SEED is a carefully blended mixture of grass seed and lawn clover which makes a hardy as well as beautiful lawn. Sow 5 lbs of this seed per 1,000 square feet.

## Permanent Pasture Mix

A carefully blended pasture mix for grazing by all livestock. Contains the following:

Slender Wheatgrass	Sweet Clover
Crested Wheatgrass	Alsike Clover
Brome Grass	Timothy
Per lb. .25¢	100 lbs 22.50

Explanation of Brands

TOP BRAND represents the highest quality obtainable.

CHOICE BRAND is high quality seed carefully chosen and is a good value for the money.

SELECT BRAND is the lowest in price consistent with desirable results.

Disclaimer: The McMahon Co. Gives No Warranty, Express or Implied as to the productiveness of any seeds it sells, and will not be in any way responsible for the crop. Our liability, in all instances, is limited to the purchase price of the seed.

## Alfalfa

Cossack

	lb.	100 lb.
Certified Red Tag	.60	\$58.00
Dak. Grown (Top)	.55	52.00
Dak. Grown (Choice)	.50	48.00

Dak. Grown (Top) .54 52.00

	Dak. NO.12
Dak. Grown (Top)	.51 49.00
Dak. Grown (Choice)	.49 47.00
Low Grade	\$ 25.00 45.00

There is an increased demand for alfalfa seed this year. Let us fill your orders early. Samples on request.

## Clover

	lb.	100 lb
Sweet Clover	.20	\$16.50
Yellow Blossom (Top)	.20	15.50
Yellow Blossom (Choice)	.20	14.50
Alsike Clover	.52	48.50

## Field Grasses

Every rancher or farmer should have at least part of his pasture land planted into Crested Wheat Grass. It will give you from two weeks to a month earlier pasture in the spring and also makes top hay when cut at the right stage.

	lb.	100-lb
Crested Wheat Grass	.30	25.50
Fairway Crested	.35	28.50
Slender Wheat Grass	.35	28.50
Canadian Brome Grass	.35	28.50
Timothy	.15	9.25
Timothy & Alsike (80-20)	.20	16.25
Sudan Grass (Texas Grown)	.12	9.75
Sudan Grass (S. Dak Grown)	.12	9.00
Sweet Sudan Grass	.20	17.00

SWEET SUDAN GRASS, introduced last year, has proven superior to other sudan grasses. It has a sweet, juicy, palatable stock. It also has more leaves and makes excellent pasture and hay. We advise placing your order early as the demand for this new variety will exceed the supply.

## Flax

Wilt Resistant Flax per bu. \$10.50

U.S.D.A. announces new support price of \$6.00 per bushel basis Minneapolis. This will mean a large demand for flax seed. Supplies are limited. Please place orders promptly.

## Seed Corn

REGISTERED BRAND HYBRID Seed Corn is an early maturing 85 day corn which has given good results in the past two years.

Price Per bu. \$9.50

KINGSCROST, K-E-2, an 85 day maturity hybrid adapted to this part of the country. Good yields have been reported in the past two years.

Price Per bu. \$10.50

KINGSCROST K-E-1, a 90 day maturity hybrid. It is more productive than the early varieties and is the choice of many because of its high yield.

Price per bu. \$10.50

WHEATLAND BLEND HYBRID, an extra early roundkerneled hybrid.

## Oats

BRUNKER OATS is a high yielding, early oats. Due to its early maturity it oftentimes escapes drouth and grasshoppers and makes a crop when others fail.

BOONE OATS has proven to be one of the most successful varieties to be developed the past few years. It is an early yellow oat which has a short, strong straw and is resistant to most known races of rust and smut.

*Your Attention,  
Please!*

Prices quoted are subject to change without notice. Shipments will be made at price in effect date order is received.

Prices are quoted F.O.B. Rapid City, except garden seeds which are prepaid. Out-of-town orders will be delivered to the post office, truck or railroad depot free of charge. 2 per cent State Sales Tax should be added on all seed orders within the state. We will ask that when mailing orders you include enough to pay for tax. If not included, same will be deducted from your order and shipments made accordingly.

## New Crop varieties

**MIDA WHEAT**, recently released by N. Dak. State Experimental Station. It is a bearded wheat highly resistant to rust and disease. High yielding and good milling qualities. Be sure to see us early for your supply of seed wheat.

**HYBRID CORN - Registered Brands**  
Hybrid corn is a popular hybrid of 85 day maturity. Proven successful by many, many corn growers the past three seasons. It is now a *must have* on their seed requirements. We are now accepting reservation orders for this corn.

# 3 of the BEST KNOWN PROTEINS All in One

## Linseed Meal

Noted for its ability to produce sheen and bloom in livestock; abundant in mucin which acts in a regulating way upon the digestive system; aids in keeping livestock thrifty.

## Cottonseed Meal

Contains rich protein of the highest quality and abundant in phosphorus. All feeders and ranchers are familiar with the feeding value of Cottonseed Meal.

## Soybean Meal

One of the richest and most digestible proteins. Produces the most economical gains of all protein supplements. Only the highest quality, properly cooked Soybean Oil Meal is used in LINCOY.

## 100% OIL MEALS PERFECTLY BLENDED—NOTHING MORE

Guaranteed—40 Pounds of Rich Protein In Every 100 lb. Sack. We Do Not Believe You Can Buy a Better Protein Supplement Than LINCOY, Regardless of What You Pay.

If You Want a Feed That Is One in a Thousand, Rather Than One of a Thousand, Here It Is. LINCOY Has the Right Combination of the World's Best Proteins All in One.

MANUFACTURED BY

# NIXON & COMPANY

OMAHA, NEBRASKA

# What Protein Should You Feed?

After all of the arguments are heard and the many feeding tests analyzed the question remains, "Should I feed Cottonseed Cake, Linseed Meal or Soybean Oil Meal?"

Each of these proteins have their good points and each one is endowed by nature with ideal qualities to produce certain results.

May we suggest that you feed

# *Lincoy* Cake

You then will solve the question because you will be feeding all three of these rich proteins—perfectly blended into one rich protein supplement; a variety of proteins from the best known sources.

LINCOY does not contain any weed seeds, mill dust, screenings or filler of any kind—40 pounds of rich protein in every 100 lb. sack.

In feeding LINCOY your livestock utilizes for body maintenance, tissue building, reproduction, etc., the rare protein and the conditioning and regulating properties of Linseed Meal, the rich protein of excellent high quality plus phosphorus from Cottonseed Meal, and the efficient and digestible protein from Soybean Oil Meal.

Feed LINCOY in the same manner you have been accustomed to feeding Linseed Meal, Soybean Oil Meal or Cottonseed Meal or Cake.

LINCOY Pellets are of the proper size and hardness for feeding livestock in the bunk or on the range. The particular size and shape of the LINCOY Pellets for sheep, calves or mature cattle on the range is similar to a wafer and permits animals to chew properly without spitting any out. The degree of hardness will prevent breakage in handling and disintegration when thrown on wet ground or snow. These Pellets are hard enough to hold the fines to a minimum.

## For Feedlot or Range Use LINCOY

Accept no other protein feed you are told is JUST AS GOOD,
